"A GOOD LIFE... AND A GOOD LIVING" *MOTHER tells you how!*

If you've ever dreamed of owning a couple of acres out in the country where you could settle down to home-grown vegetables fresh from the garden, crisp apples off your own trees, natural sweetening from your own honey hives, fresh eggs from your own chickens and milk, butter, cheese and ice cream from your own cow . . . THE MOTHER EARTH NEWS will tell you how to make that dream—and a whole lot of others—come true. If you're trying to put the rat race behind you, breathe free and build a richer, more satisfying life for yourself and your family, you'll find MOTHER to be required reading. Send in your subscription today. Satisfaction guaranteed or your money back!

If you love to garden—
START NOW WITH

NEW
solo-gro SEED STARTER CUBES

NOW with *Arcillite*
newest organic growing medium

You can now have better plants—quicker, easier and earlier—with no thinning and no transplanting. Famous English starter cubes contain all nutrients necessary for germination and seedling growth. Cubes only ½" square—gives you more plants per flat—or you can sow direct in garden. Better results with less labor! Ideal for starting vegetables or flowers.

and so inexpensive!
